ABOUT US

First impression is the last impression. Inspired by this principal rule of the interior design industry. Durian started its state-of-the-art factory for the manufacturing of Decorative High-Pressure Laminates in Feb 2006. Along with Decorative High-Pressure Laminates. Our factory is also equipped to produce Metal Foil Laminates. Abrasion-Resistant Laminates, Exterior Laminates, Anti-Scratch Laminates, Anti-Fingerprint Laminates, Anti-Fungus Laminates, Post Formable Laminates, Digital Printed Laminates, and Door Skins to name a few.

Keeping quality in mind, the factory is certified for ISI 2046. ISO 9001. and ISO 14001. We also adhere to British European Standards (BS EN 438) and NEMA Standards (ANSI/NEMA LD 3). We have also incorporated a 7-point Quality Control System to ensure that every one of our laminate sheets goes through seven quality control checkpoints during its production period. This system guarantees that only the highest-quality products are made available to our valuable customers.

To further guarantee the quality of our finished product. we take extreme care in sourcing raw materials of the highest quality. Our raw materials are acquired from industry leaders worldwide. including countries such as the USA Italy. France. Germany, Belgium, Japan and Malaysia.

Our factory is also equipped with a state-of-the-art chemical plant that manufactures resins used in the production of laminates. Having a modern plant allows our R&D team to experiment with innovative materials to produce quality resins that will stand the test of time. As a result, we are the only brand in India to offer BFT (Borer, Fungus and Termite) Guard in our laminates.

OUR ETHOS

CREATIVITY

We strive to provide unique design solutions. To achieve it, we have creative artists who keep on exploring & creating “unique design collection”.

TRANSPARENCY

We believe in transparency in all what we do, be it quality, pricing or dealing with our business associates.

INNOVATION

Inspiration needs to be translated into reality. We always strive to reach closer to our dreams by innovation, whether in terms of technique, formats, looks, colours, patterns, designs.

PASSION DRIVEN

Our passion towards laminates help us to innovate & create things which makes the difference, whether in product creativity or in services offered to the market.

INSPIRATION

Nature as a whole inspires us towards the spectrum of colour and helps us in the decoration of our surroundings. While executing this source of inspiration, we keep on discovering our future with the help of experiences of our past.

TEAMWORK

Teamwork is the key to success. We believe to take all actions in 360° integrated approach which brings in lots of learning and satisfaction to the whole team.
